Tenrova Healthcare Co., Ltd.

Professional Homecare & Rehab Solutions

Factory Direct Quality, Trusted by Professionals

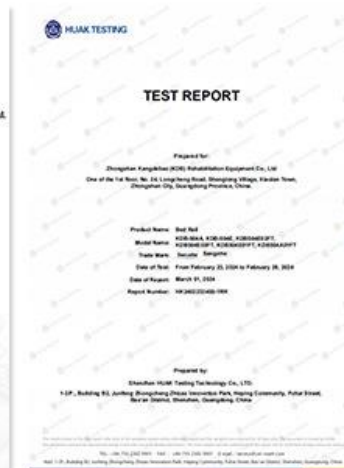

Tenrova Healthcare is a professional supplier specializing in **home medical and rehabilitation aids**, including shower chairs, walking aids, and commode chairs. With an experienced team of professionals and factory-direct partnerships, Tenrova delivers **safe, reliable, and affordable solutions** for elderly care, rehabilitation, and mobility assistance.

Our core team has **20+ years of international trade experience**, covering medical, rehabilitation, and protective equipment. This expertise ensures that every product we supply is not only cost-effective but also compliant with international healthcare standards such as **CE, FDA, and ISO13485**.

At Tenrova, our vision is clear: **to make life easier and safer for seniors, patients in rehabilitation, and individuals with limited mobility**. We are committed to reducing discomfort and enabling independence through practical, well-designed products.

With flexible **OEM/ODM customization**, competitive pricing, and a customer-oriented approach, Tenrova Healthcare has become a trusted partner for importers, distributors, and care institutions worldwide.

Our Certifications & Compliance

☞ All Tenrova products are manufactured under strict quality control, ensuring safety, reliability, and international compliance.

Rollator Walkers

Mobility Solutions for Active and Independent Living

FW913L – Lightweight Aluminium Upright Walker

Key Features:

- **Lightweight & Durable** – Made of high-strength aluminium alloy, only 2.2 kg net weight, yet supports up to 100 kg.
- **Upright Walking Posture** – Promotes natural standing position, reducing strain on the back and shoulders.
- **Height Adjustable** – 8 levels of adjustment, suitable for users of different heights.
- **Easy Folding** – One-click foldable design for quick storage and travel.
- **Ergonomic Design** – Anti-slip soft grip handles for comfort and safety.
- **Trusted in Multiple Settings** – Ideal for homecare, rehabilitation centers, hospitals, and nursing homes.

Specifications:

- Overall Size: 53 × 47 × 76–93.8 cm

OEM/ODM branding, packaging, and color customization available.

RL3508 Aluminum Rollator Walker with Seat & Shopping Bag

A multifunctional mobility solution that combines walking assistance with daily convenience. Built with a lightweight aluminum alloy frame reinforced by Q235 steel, the RL3508 ensures durability without compromising portability. Its ergonomic Textilene seat and swivel foam backrest allow users to rest comfortably during outings, while the under-seat shopping bag makes it ideal for everyday use. The adjustable handle height (83.5–96 cm) accommodates different users, and the 8" PVC-coated wheels provide smooth movement indoors and outdoors. The dual braking system (running + parking) ensures maximum safety, making this rollator perfect for seniors, rehabilitation patients, and care facilities.

Key Features:

- **Lightweight & durable** – Aluminum alloy frame with steel reinforcement
- **Shopping-friendly design** – Large storage bag under seat
- **Comfortable rest** – Breathable Textilene seat & swivel foam backrest
- **Customizable fit** – Adjustable handle height (83.5–96 cm)
- **Safe & reliable** – Dual braking system (running + parking)
- **Smooth mobility** – 8" PVC-coated wheels for indoor & outdoor use
- **Easy transport** – Foldable design for storage & travel

Packing & Loadin:

- Carton: 68.5× 42 × 23 cm, 1 pc per carton 10 kgs
- Container Reference: • 20'GP: ~ 430 pcs • 40'GP: ~850 pcs • 40'HQ: ~990 pcs

Applications:

Elderly outdoor shopping & leisure, daily mobility support, rehabilitation, nursing homes, clinics, parks, malls, and community spaces.

Bath Safety & Shower Chairs

Safe, Comfortable, and Reliable Support in Daily Hygiene
